Budget Brainiacs

The Best and Easiest Way to Prepare your Kids for a Healthy Financial Future – Valuable Lessons for a Lifetime

This is a program for Mom's and their kids from a company founded and owned by a Mom for her kids, a Mom with the same concerns you have about preparing your kids for a healthy financial future. She is also a Mom who is a banking executive and has an MBA. Most schools do not provide kids with the education they need to manage money and build a healthy financial base for adulthood. And as a busy Mom handling the many duties and responsibilities of being a parent, you want a program that your kids will enjoy and be motivated to access without you having to monitor them constantly as they learn important financial skills and how money matters work.

Budget Brainiacs is a fun web-based program and club for families with children 10-years-old and up. Kids can log on to their personal game page and earn rewards. Budget Brainiacs is both fun and educational.

Not only will your children learn about bank accounts, compound interest, applying for jobs and apartments, creating a monthly budget, and buying a car, they will also learn how to avoid debt and much more.

Budget Brainiacs is endorsed by child authorities, financial planners, banks, credit card companies and insurance companies. As H. Walters, a professional mommy blogger attests, Budget Brainiacs has hit a "home run! My readers are very enthusiastic about this club. Their kids are buzzing about the points they can earn for cool prizes.... These comments are coming from 13-year-olds!"
